For any loss or harm originating from this web site's material, including written material, links to third-party sites, and data such as quotes and charts as well as buy/sell signals. BITCOIN2022 will not be held responsible for any damages. Understand the risks and costs associated with trading assets on the financial market (digital or otherwise). ICOs, in particular, are one of the riskiest investment choices available to investors.

## Investment risks:

Because of the high level of risk, cryptocurrency trading is unsuitable for all investors. Before trading cryptocurrencies, tokens, or any other digital asset, you should carefully examine your investment goals, level of experience, and risk appetite.

# INTRODUCTION TO BITCOIN2022

This project started in our heads at the beginning of 2022 from what we have seen in the last 4 years what is happening in the crypto market and how much it advances.

## What do we want to bring to the market?

We want to create an application and a social network aimed at the community. The purpose of this token is that all participants who create an account in the application and will own BITCOIN2022 can win Bitcoin Bep20(BTCB ). The one that would bring popularity to the market and at the same time to the king of the market[BITCOIN].

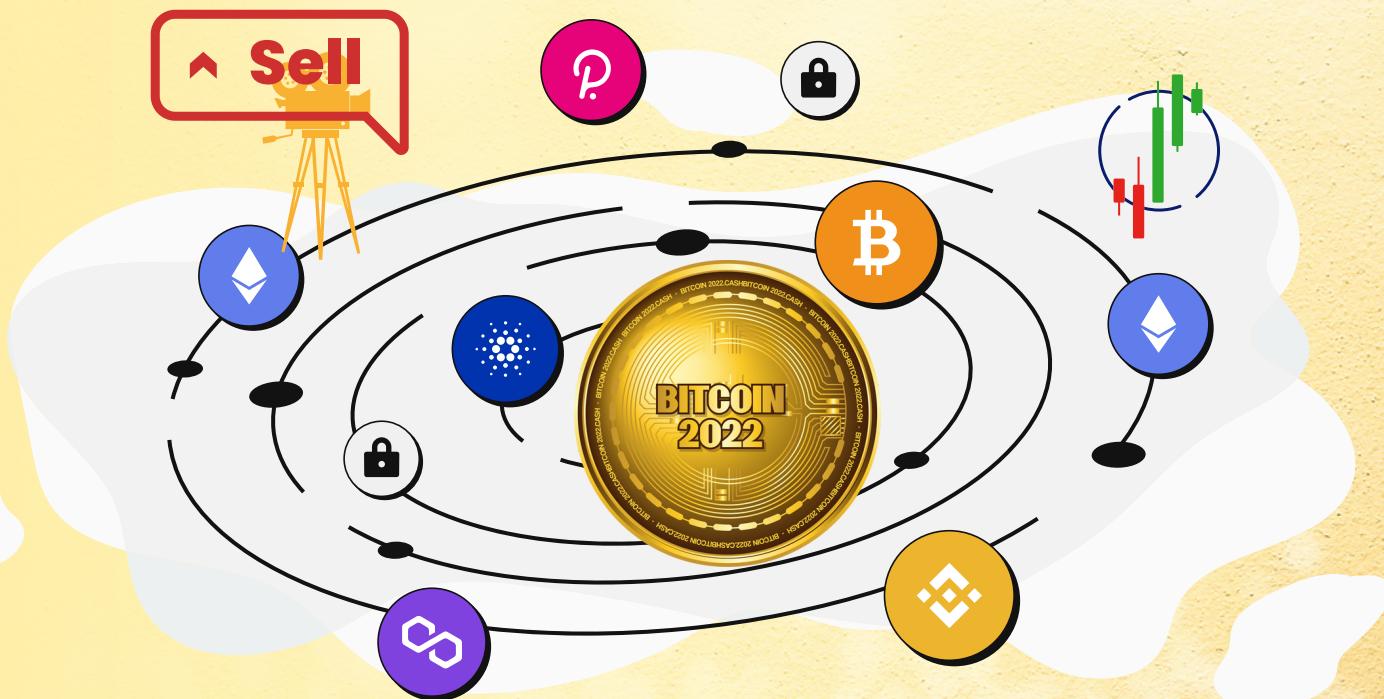

# ABOUT BITCOIN2022

Bitcoin2022 is reshaping the entire ecology where users may trade digitally from anywhere in the globe for a cheap transaction cost that is almost free, allowing for a very liberating, strategic, low-risk, and frictionless trading experience in a fully decentralized manner using BITCOIN2022.

This community-oriented money rewards its holders by redistributing it to others. As part of the decision-making process, community members are also included to give them a sense of ownership over their assets.

**July, August and September we will take care of what the token creation part means, presale, all social network, airdrop and everything that means stabilizing this project**

# OUR MISSION

- To enable retailers to accept digital assets for goods and services
- To make Blockchain technology and cryptocurrency accessible by the masses, even if the majority don't know how it works
- To ensure users own personal data, which will significantly reduce the current data leaks via centralized financial systems
- Operate as a community-focused and community-driven digital asset, fully decentralized in every sense of the word.
- To create an ecosystem where different solutions can emerge from a social perspective, including collaborative applications.

# OUR CONTRACT

**0x6cb4d4Bf3c26Cd2b9B7522AB1a88058fBC510F2b**

This is our contract , we will not start the press stage without having an audit. the first audit will be done for the security and correctness of this contract.

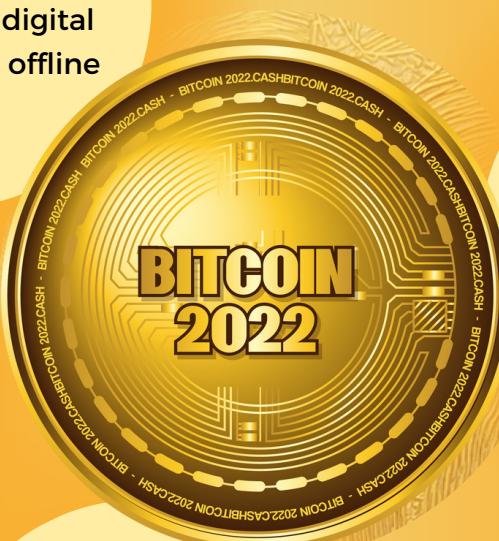

# SECURE PLATFORM

# HOW TO GET STARTED WITH US?

## GET STARTED IN A FEW MINUTES

# FEATURES ASSOCIATED WITH BITCOIN2022

Airdrop, which we are extremely excited about.

A gateway from traditional finance into cryptocurrency and vice versa.

A truly decentralized coin protected by smart contract

# LIQUIDITY AND BITCOIN2022

After the release of the token and until the launch of the application we will do the following.

1. we will link to the google maps API and those who use will be able to win BITCOIN2022, and implicitly they will win Bitcoin ( BTCB ).
2. we will create our own wallet through which we will have a bridge (exchange) so you can change Bitcoin bsc (BTCB) to Bitcoin.

## SCALABILITY

Proof of stake protocols, as shown by " BITCOIN2022" higher transaction outputs and lower fees, make for greater scalability.

## ECO-FRIENDLIER

One of the major benefits for holding our coin is that it removes the need for continuously purchasing expensive hardware and consuming energy.

## HIGHLY SECURED

We provide a swift and stable portal that is backed by our ecosystem making him superior to others.

# A UNIQUE CRYPTO ASSET

## OPEN FOR GLOBAL PARTICIPANTS

- We facilitate the transaction and bring them closer to a wider audience. An added benefit of use is that it's completely decentralized, so trading can be done freely across borders.
- The use of technology will facilitate a financial revolution that will leave everyone more financially connected, empowered, and enabled. It has no border so these can be used no matter where you are located globally.
- This also has a huge effect on international payment fees. Traditionally international transfers have much higher fees than domestic transfers and payments. International payments and transfers with crypto are the same as domestic.

## FREE FROM CORPORATE AND GOVERNMENT INTERFERENCE

- "BITCOIN2022" transactions have no intermediary institutions or government involvement, and the costs of transacting are kept very low. Additionally, any transfer happens very quickly, eliminating the inconvenience of typical authorization and waiting period requirements.

## SAFE & SECURE

- It is a safe and secure platform that is continuously improving the security of the system to ensure the safety of the platform.

# SOLUTION-BASED ADVANTAGES

The Platform anime cash makes creating a complex decentralized payment gateway a breeze. It is designed to allow for unique new payment structures which can reduce accounting work and increase trust between merchants and customers.

## Payment Widget

The payment widget will allow websites to easily accept payments in multiple tokens and Custom Coins on the website. The widget may be connected to any Payment Gateways to the "BITCOIN2022".

## No Built-In Fees

Other than very small transaction fees, complete payment gateways can be created and no built-in fees or costs are imposed.

## Build your own customized Gateway

All backend functionality necessary to build a PayPal-like gateway will be included in the Platform. As a provider, you can implement your own desired features, such as web invoices, email/SMS notifications, refunds, and more by building on the open-source code and examples provided in the "BITCOIN2022".

## Native Support for Custom Coins

The Gateway smart contract can be configured to accept all BNB-based and multiple coins or a list of specific token types.

# EXCHANGE WE ARE UTILIZING

- It is an easy, fast, and secure exchange in a truly decentralized way. We are going to create an ecosystem where people will own their assets.
- It is a peer-to-peer (P2P) that connects buyers and sellers where the people can sell their ideas and projects as well.
- The Exchange is non-custodial, meaning a user remains in control of their private keys when transacting on a BITCOIN2022.

## 1-No KYC/AML

- KYC/AML (Know Your Customer and Anti-Money Laundering) compliance is the norm for our exchange.
- For regulatory reasons, individuals must often submit identity documentation and proof of address.
- Our Exchange doesn't demand any documents for verification purposes making the user completely anonymous.

## 2-Additional Features:

- Powerful Matching Engine
- Multi-layer Security
- Instant KYC and AML Verification
- Escrow System
- Dispute Management
- Preferred Trader Selection
- Admin Panel
- Multi-language Support
